**Distance: ca. 4.2 miles**

**Elevation: ca. 1,150 ft**

Trail shoes recommended

While this course will not cover many miles, it surely will cover a lot of elevation! The terrain is diverse, and the route will include several of Mt. Wachusett's finest views. Some areas will be easier to run than others - focus and attention to detail are must haves for a fun and injury-free experience.

See page 2 for step by step instructions and modifications.
